Back - Info Panel

Kit Contains:

- (1) Info Panel
- (2) Telescopic Sign Holders

Step One:

Insert the telescopic sign holder into the pegboard of the aisle display unit.

The left sign holder should be inserted into the 5th peg hole from the left edge.

The other sign holder should be inserted into the 21st peg hole from the left side of the holder edge. See diagram.

Step Two:

Peel back and remove the protective layer from the double-sided tape on the telescopic sign holders. Using the mounting guides for alignment, apply the info panel to the double-sided tape. Step back from the unit to make sure the info panel is straight.

Step Three:

Adjust the telescopic sign holder to the correct depth for the display unit.
