

HomeAgain® Microchip Pet Feeder

The Future of Pet Meal Management

- Ideal solution for pets on specialty or prescription food or weight management diets
- Easy management of individual dietary needs in multi-pet households
- Child-safe solution prevents children from accessing pet food

The Microchip Pet Feeder uses your pets' microchips to grant access, ensuring the right food gets to the right pets.

- Compatible with any existing pet microchip
- Stores up to 32 pet identities in memory, preventing pets in multi-pet homes from eating each other's food
- Makes portion control easy for all pets
- Training mode helps pets get used to the feeder
- Sealed bowl keeps kids safe and pests out, while helping up to 1.5 cups of dry food (2 pouches of wet food) stay fresh
