

RALGRO® Peg Board Display

Approx. 6" W x 12" L

Assembly Instructions

Parts List:

- (1) Telescopic rod for pegboard
- (1) White frame
- (1) Double-sided RALGRO graphic

Step 1

Unpack items from shipping container.

Step 2

1. Insert telescopic rod into pegboard holes.
2. Adjust telescopic rod to the desired length.
3. Loosen the set screw and push the silver ball (located on the under-side of the rod) and pull/push to adjust length. Tighten set screw.

Step 3

Insert white frame (portrait - slot toward the top) into hinge located at the end of the telescopic rod.

Step 4

Slide graphic into the top slot of the white frame.
